There are no survivors in that War, and the widows receive each

> For the Indian Wars three survivors and who receive pensions, and 407 widows.

The Civil War has the largest list to its credit, there being 5,669 survivors and 2,646 widows who receive pensions.

For service in the Spanish-American War 628 survivors receive pensions, and 211 widows. About \$1,000,000 is distributed annually through the Louisville office in pensions.

It will be noticed that in the earlier wars the widows outnumber the Veterans by a large majority, while in the later wars the Veterans autnumber the widows.

The reason assigned for this is that Veterans marry young wives, and it is probable that in twenty or thirty years from now the widows who receive pensions will greatly outnumber Veterans of the Civil War.
